Millinery as We Show It!

The advancing exhibit of Millinery which we have been showing will be added to and enlarged tomorrow. Already we have set femininity a-fluttering—the exquisite creations which we have shown have whetted the desire for more, and today a new line of Hats go on exhibition, and tomorrow still more. You'll be interested in this showing because it gives you an inkling of the styles that are being worn by fashionable people of Washington. It represents the good faith of our many expert trimmers, besides the ideas of artistic designers. It's a collection of wearable Hats that are worth your while seeing.

One of our principal leaders for tomorrow is a line of ready-trimmed Hats—they are stylish, they are swell, and they show perfection—they are conceits from our own workroom—every little detail shows artistic ideas—these very hats are worth from \$2.00 to \$5.00, but in order to give our customers something which may create talk, we shall sell them tomorrow, each.

We also offer a line of strictly hand-tucked, All-silk Chiffon Hats, made on frames, also straw crowns with soft chiffon brims; all good shapes and styles, colors, worth from \$2.50 to \$3. for.
